UNDER TROPICAL CLIMATES. BALTIMORE, Md., June 4, 1854. Mr. Stockbridge, of the Fountain Hotel Light street.

Dear Sir : Reing on the point of leaving the city, I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bottles more, to carry on my voyage. Pimples or Pustules on the face, Blotches, Beils, table Tincture my confidence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumstic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed. useless in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forcible recommends.

tions I should still have been in bed. It is really a pity this specific should not be approved by medical men, and like all patent drugs it should suffer the imputation the public generally give to such preparations. I myself, who was always opposed to a patented specific, took this meditime with reluctance, and without confidence in it. of the highest respectability, many of them residing and it was only through your disinterested, friendly in the city of Richmond, Va. recommendations, and my critical situation that induced me to try this really beneficial Vegetable

You may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in the support of the good effects of Dr. Hampton's Vegetable Tincture, as it has cured me in five weeks of a chronic Inflammatory Rheumatism, contracted under tropical climates, and of seven years' periodical duration. I have only used three bottles, and find that even the deformed parts of my hands are fast returning to their former natural appearance

I have been under the treatment of several physicians in London and Paris, without any apparent benefit; also, while in New York, having tried the Paompsonian and Homospathic remedies, after having been tormented with galvanic ba teries, cold and aromatic baths, and hundreds of internal and external medicines, all to no effect, I am, so tar, cured by this Hampton's Vege able Tineture only. Therefore, my dear sir, accept of the assurance of my gratitude, and believe me your well wisher. THOMAS CANOT.

POLITICS IN RELIGION.

This is the title of a sermon preached on Thanksgiving day in Philadelphia, by the Rev. Charles Wadsworth, of the Presbyterian Church, sent us by Joe Shillington, who has it for sale. It is a the growing practice of making the pulpit a political rostrum, yet asserting the duty of government to protect society from immorality, and to exhibit in its own conduct an example of virtue. Mr. Wadsworth handles irony as dexterously as he does eloquence; evidently fears no man, but speaks what he thinks truth; and is altogether of a character rarely seen in the pulpit now-a-days, though the world would be all the better if such men were more common. We make the following extract:

"I need not tell you that it has come to pass in these latter days, that these standing-places of God's messengers to a ruined world, become ofttimes the mere platforms for political harangues. When the fact that the elerical force in the Register's office has been increased by the addition of only one clerk, in fact, during the past year, is considered, the early period at which these statistics have been compiled, compared with other years, indicates great industry and increased efficiency in this branch of the Treasury Department. Although not so generally understood, the Register's office is one of the most important bureaus belonging to the Government, as in it and by it the whole business operations of the Government, commercial and financial, are kept.
